MANY AGED PEOPLE ILL.

It has been a long time since so many people have been ill in Lehi at one time. Among the older ones afflicted are Jesse Smith, George Corner, William Southwick and Newell A. Brown.

KITTINGER OPENS DAIRY.

Mr. O. L. Kittinger shipped twenty pure blood Holstein cows from Richmond to Lehi the past week. He also imported a pure blood bull and will go into the dairy business on the Sugar Company property recently purchased by him. He is now shipping about sixty gallons of milk daily to the Salt Lake market. Many other Lehi farmers would do well to follow Mr. Kittinger's example, and add more dairy stock to their equipment.

Death Claims
Estimable Woman

Mrs. Ann Crabb, Mother of Prominent Local People, Dies Yesterday, Aged 80 Years.

Mrs. Ann Crabb died at her home at 2 o'clock yesterday morning. She has been an invalid for several years but her relatives were not alarmed over her condition till Wednesday when she began falling rapidly. She was 80 years of age on the 30th of last May. She joined the Mormon Church when a girl, in the land of her birth, Perth Perthshire, Scotland. Twenty-four years ago she emigrated to Lehi, where she has lived ever since.

She was the mother of Miss Agnes and Eliza Crabb, twin sisters. Thomas Crabb, Mrs. James Pyffe, Charles and William Crabb, all of this city. She also leaves a son, Scotland. Her husband, Charles Crabb, preceded her to the great beyond about fifteen years ago.

She had an unusually bright mind and her amiable disposition made friends of all her acquaintances.

PROGRAM SUNDAY NIGHT.

The First Ward Sunday school will conduct the program in the Tabernacle Sunday night. Speakers from the Brigham Young University will be the speakers. Miss Amy Davis and Prof. A. Johnson are arranging the musical numbers.

ARNOLD JEFFS HAS
SERIOUS OPERATION

Arnold Jeffs was operated on for appendicitis at the Lehi Hospital Tuesday. He is yet in a serious condition. Dr. Allen of the L. D. S. Hospital came down to assist Dr. Worlton in the operation, and Dr. Kelley came over from American Fork. When the incision was made the bowels were found to be filled with pus. The appendix had broken and a small rock was found in it. Mr. Jeffs is a son-in-law of T. M. Bushman.

LEHI OPENS MONDAY.

When the new owners of the Lehi Opera House advertised they would open last Monday they did not fully realize the work attached to remodeling the building. The opening had to be postponed for one week till Monday, November 15, when the place will open with one of the best programs ever given there.

This week the painters have given the front a new coat of paint, the plasterers have made a pebble dash paneled front and lobby and the car

penters have put in a new floor over the entire building. A work of art is the tiled entrance with the words "Lehi" worked in the tile. Electricians have rewired it and the whole makes it almost a new place.

W. C. THOMAS WILL DRIVE
EXPERIMENT WELLS.

The State Land Board awarded the contract for the state experiment well in the north end of Cedar Valley to W. C. Thomas of Fairfield.

Mr. Thomas has had more experience than any other man in driving wells in Cedar Valley, and up to date he has been very successful.

DROUTH BROKEN.

October, 1915, went on record as being the driest October in history. However, on the night of the 1st, it commenced raining, and before it quit, on November 1st, eight tenths of an inch had fallen. Twelve days during the month the thermometer fell below freezing point, and on the 24th and 25th it fell to 8 degrees below freezing.

MEASURING JORDAN RIVER.

A government engineer, in company with W. A. Knight, spent Saturday at the pumps and in Jordan Narrows, measuring the flow of water in Jordan River. In the beginning of the irrigation season the water was nearly two feet above compromise point. Now it is nearly three feet below. Making a variation of about five feet in the lake's level. At the close of the pumping season in 1906 the lake was about five feet below compromise—the lowest in recent history.

Lyceum Course Will
Open Next Wednesday

Because the Lyceum Course of last year brought such excellent numbers and was received so cordially, this year a bigger and better one, consisting of lectures and musicals, has been arranged for. The first entertainment on Nov. 17, will be given by the Salt Lake Opera Quartette. Such singers as Fred C. Graham and Horace E. sign insure us an evening of good music. The December, Thomas Brook Fletcher, one of America's most brilliant lecturers, comes to us. A master of English and the dramatic arts, his purpose in lecturing is to awake his hearers to an interest in all problems, political, social and religious. Maud May Babcock, our own dramatic reader, comes to us again in February. All who heard her scholarly interpretation of the Blue Bird will be glad to welcome her again. The course will end with an evening of entertainment by the Musical Entertainers in a program of ensemble numbers, solos, duets, trios and readings.

No one, who is really interested in good clean entertainment should fail to come to these lectures. The price of admission is ridiculously low when we consider the excellence of the course. Fifty cents pays for a season ticket for the four entertainments.

One of the invocations of this year's is the dancing "solace" held every Wednesday evening. These evenings are spent in learning of modern dances, as are approved by the National Association of Dancers. Seniors and Juniors, Sophomores and Freshmen forget their mutual grudges and personal troubles in a combined effort to learn the intricacies of the one-step or the giddy swing of the three-step. Faculty members forge their rheumatics and superfluous avoirdupois and tread the airy mazes of the fox trot. Algebra and history classes alike are disturbed by the forgetful student who whispers all too audibly "one, two, three, turn, five, turn seven, eight." But we are learning how and learning correctly. These soirees are open to the public, and the students were glad to see a number of the parents attend Wednesday night. We hope that more will come out and learn the steps and help us in our efforts to have cleaner, better dances in our town.

The Freshmen have been working hard all week for the class series basketball. They have been the Seniors and Juniors, too, but have been magnanimous enough to give the Juniors the game, since they cried for it so loudly. The Freshmen may be infants but not infant, Junior.

The Seniors and Juniors are just proud of the shipment of new books which they just received. The very best of English and American authors now adorn the shelves of the library. It was a splendid thing for the classes to do, wake up, Sophomores and Freshmen, let's make our slogan "Bigger and Better Book Shelves."

"You never can tell" what will happen but the Seniors are getting ready for their play to be given in December.

Keep The
Kidneys Well

Health is Worth Saving, and Some People Know How to Save It.

Many people take their lives in their hands by neglecting the kidneys when they know these organs need help. Weak kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger. Use Doan's Kidney Pills—a remedy that has helped thousands of kidney sufferers.

The following statement leaves no ground for doubt:

Mrs. P. Young, Third East St., Lehi, says: "I had suffered a great deal from kidney trouble until I began taking Doan's Kidney Pills. They brought relief from the first and three boxes made me feel better in every way." Statement given August 26, 1909.

OVER THREE YEARS LATER Mrs. Young said: "I still take Doan's Kidney Pills occasionally and always get good results." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Young had. Foster-Milburn Co., Props., Buffalo, N. Y. (Adv.)
